Caught Thief in Pawnshop.

After a fierce fight in a Philadelphia pawnshop with a man whose house he had robbed, Joseph Wilkinson colored, was turned over to the police one day last week. A few minutes after his arrest Jerome Wedlock, colored, called at the police station to inquire for Wilkinson. He was placed under arrest and both men were taken before Magistrate Scott at the City Hall for hearings. C. Norman Zeigler, son of Mr. and Mrs. Emanuel Zeigler of No. 1427 Christian street, testified that his house was robbed of five overcoats, a guitar and several liver articles. "I thought the thief would pawn the goods," said Zeigler. "So I went to several pawnshops to make inquiries. As I entered one, accompanied by my mother, I saw a colored man offering an overcoat as a pledge for a loan. I identified the coat as my property and seized the colored man. We had a fierce fight, during which I threw him through a plate glass window. The man who had the coat was Wilkinson."

Special Policeman Craig said he had recovered two of the stolen coats at pawnshops and had found other stolen goods at Wedlock's house. The prisoners were held in \$600 bail each for trial.

SEVERAL RECENT DEATHS.

EAST BERLIN, Jan. 20.—Mrs. Samuel Gloss died last Friday at her home in York county aged 95 years. 7 months. She was a sister of the late David Smoyer and her husband carried on a distillery 50 years ago. She was buried at Strayer's church.

The death of Frank Noel of Hampton recalled to your correspondent that in 1842 he was a school mate in Hampton in the old log school house. We had slab benches to sit on. It was before free schools were established. If our boys would have to sit on such benches you would not be able to get them into the schools.

William Altland died in Paradise township York county recently from paralysis, aged 73 years. 3 months and 5 days. He was twice married, first to Miss Altland, second to Mrs. Wolf nee Koontz. He is survived by a daughter to his first wife, Mrs. Chas. Shultz of Reading township, and a daughter by second wife, Mrs. Myers of Lattimore township.

Henry Stouffer is boarding at the Sunday House this winter. He is from Virginia, formerly of near Bernardsville. He bought many horses for the Government in York and Adams counties during the Civil War. He is in his eighties but is hale and hearty and walks the streets like a young man.

Mr. Kladefelter has started his wrapper factory with 40 hands.

Officers Elected.

The stockholders of First National Bank elected as Directors, David G. Minter, Alex. Spangler, W. S. Adams, J. L. Butt, S. M. Bushman and Geo. H. Trostel. The directors organized by electing David G. Minter, Pres., W. S. Adams, Vice Pres., and S. M. Bushman, Cashier. All the bank officials were re-elected.

The stockholders of the Gettysburg National Bank elected as Directors, William McSherry, Esq., Thomas G. Neely, Donald P. McPherson, John A. Swope, H. P. Bigham, Robert M. Wirt, Chas. L. Longsdorf, N. C. Trout and Dr. W. H. O'Neal. The directors organized by electing Wm. McSherry, Esq., Pres., Thos. G. Neely, Vice Pres., Donald P. McPherson, Sec., and the bank officials were re-elected.

The Baltimore and Harrisburg R. Co. stockholders elected as Directors, Geo. S. Schmidt, Elmer P. Backtell, of York, B. F. Bush of Baltimore, Charles S. Duncan, of Gettysburg, Winslow S. Pierce, of New York, and H. H. Rossman, of Waynesboro. Geo. S. Schmidt was elected President. Winslow Pierce, Chairman, B. F. Bush, Vice President, Lawrence Green, Vice President, H. B. Benson, Controller, J. F. Timmerman, Sec., and J. T. M. Barnes, Asst. Sec. and Treas.

Hurt by Falling Tree.

Charles Adllesperger, Constable of Menallen township, was cutting timber at Pine Grove Furnace one day last week. A tree had been cut down and lodged in a nearby tree. Mr. Adllesperger was trying to push it down with a big pole when the tree fell on him. He was brought home to his place 1 1/2 miles from Bendersville the same day. His physician, Dr. J. G. Stover, found the shoulder dislocated.

Concert Postponed.

The American Saxophone Company which had been booked for an entertainment in Brusa Chapel this, Wednesday evening, has cancelled the engagement here as well as all engagements of the season. The Company resumes work with Sousa's band. A first-class attraction has been selected in place of the one cancelled and will be given early in March at which the tickets for to-night's entertainment will be good.

HON. S. B. HERMAN IS WELL AGAIN

Noted Oregon Statesman Restored to Health on Recent Eastern Trip.

Hon. Shiller B. Herman, distinguished statesman and legislator of Portland, Oregon, who was recently on an eastern trip, is among those strongly in favor of L. T. Cooper, in the discussion over Cooper and his medicines, which has raged for the past year in cities visited by the young man on his educative campaigns, as he calls them.

Cooper was explaining his new theories and medicines to Boston people during the Oregonian's visit to that city, and in a recent interview Mr. Herman said: "My trip east accomplished more for me than I ever believed possible. It has actually been the means of restoring my health. While in Boston I heard a great deal about this man Cooper and his medicines, and one morning I talked with a Boston banker who told me that he had been relieved by Cooper's medicines after ten years' chronic dyspepsia. For the past twenty years I have been a fearful sufferer with nervous dyspepsia. It has been so bad that it all but forced me to resign from the legislature."

"I was feeling wretchedly that morning, and I made up my mind to try the medicine. I had seen leading physicians without number both East and West. They had been unable to help me in the least, and I no more believed this Cooper medicine could help me than it could bring a dead man back to life. I really don't know why I bought it. It was like a drowning man clutching at a straw."

"To make a long story short, it has been astonishingly successful in my case. Today I am enjoying a sound stomach and perfect health for the first time in twenty years. I can eat heartily without the slightest inconvenience afterward. I have a fine appetite, and sleep well. I am no longer moody and depressed, and my nervousness has entirely disappeared."

"Any man who has chronic dyspepsia owes it to his family to try this medicine."

In all our experience as druggists, we have never seen anything to surpass the famous Cooper preparations. —The People's Drug Store.

Rare Battlefield Relic.

Col. J. P. Nicholson received a letter from Mrs. Hattie Cope, dated Jan. 3, 1908, from Red Bluff, California, asking:

"Can you give me the address of parties making a collection of war relics. I have a silver sugar bowl with monogram 'D. E. M.' intertwined, found near the battlefield after the Battle of Gettysburg. Perhaps some of the descendants of the family could be located."

A Speedy Trial.

Richard M. Wayne colored was recently found guilty at York of murder in the first degree for the killing of Warren E. Peterson at Jacobs' Mills on October 4, 1907. The argument for Commonwealth was made by McClean Stock Esq. Asst. Dist. Attorney in the closing address which was considered very able and impressive. The guilt of the prisoner was clearly proven, and there was no failure of justice in the speedy trial of this case and the judicial condemnation of murderer. There can be no complaint in this instance of the laws delay in the court of original jurisdiction, or on the part of its officials.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Peoples Drug Store.

HARRY KRITCHEN has bought the Stonesifer property at Brantstown.

It is very important and in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first signs of trouble—which are belching of gas, nausea, sour stomach, headache, irritability and nervousness. These are warnings that the stomach has been mistreated: it is doing too much work and it is demanding help from you. Take something once in a while; especially after meals; something like KODOL For Dyspepsia and Indigestion. It will enable your stomach to do its work properly. Sold by Peoples Drug Store.

The new Bart's United Brethren Church in Union township was dedicated on Jan. 12.

In a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup sets upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by Peoples Drug Store.

When your Watch Stops

You cannot make it go by shaking it. When the wheels are disarranged you can disarrange them with cathartics but, like the watch, they will not be able to do their allotted work until they are put into proper condition to do it.

One cannot mend a delicate piece of mechanism by violent methods, and no machine made by man is as fine as the human body.

The use of pills, salts, castor-oil and strong cathartic medicines is the violent method. The use of the herb tonic laxative,

Lane's Family Medicine

is the method adopted by intelligent people.

Headache, backache, indigestion, constipation, skin diseases—all are benefited immediately by the use of this medicine.

The Pure Food Law.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. HARD WORK TO RETAIN YOUTH.

One Man Declares He is Not Envious of His Friend's Success.

"The fabled secret of youth, the fountain of everlasting life and all the panaceas for growing old without looking old or feeling old are absurdities by the side of the process used by a professional man of my acquaintance," said a widely known lawyer of Philadelphia. "That man looks like a chap of 35, acts, eats, drinks and enjoys himself like one, but I know he's past 60, and considerably past it at that. He hasn't a gray hair on his head, his eye is bright, his skin clear, his step elastic, and his voice strong. What's the secret? It has been an inflexible habit with him from early youth to retire at eight o'clock in the evening and sleep until seven in the morning. On rising he takes a cold bath, but many men do that. Oh, that's all easy, you say? It's not so easy, after all. Try it and stick to it, despite engagements at the theater, business affairs left over from the day and all the variety of things of that sort, and you'll find it about as hard a task as you can place before yourself. Of course, there have been a few breaks in his lifetime habit. But in the main he has adhered to it. Do I recommend it? Well, hardly. It's a dry existence. I prefer this style of life, and am willing to die young accordingly."

GUARANTEED REMEDY FOR INDIGESTION.

Interesting Statement by The People's Drug Store.

When a man comes into this store and calls for any particular indigestion remedy, we always give him what he asks for, but in case he leaves it to us we usually recommend Pepsikola tablets.

Here is a preparation we have been selling right over the counter for years, and from actual observation we know it must do good, and really does cure indigestion and dyspepsia or there would be a steady stream of people coming back for their money, as every 25 cent box is sold with the understanding that you must be decidedly benefited or there is nothing to pay.

You simply try Pepsikola tablets with the understanding that they will steady your nerves, improve your appetite, relieve wind belching, coated tongue, sour stomach, fullness after eating, weakened energy, and other symptoms of indigestion or The People's Drug Store is ready at any time to pay back your money without the least argument.

ICE HAD PRESERVED MAMMOTH.

Remarkable Discovery Made in Frozen Siberian Bog.

Sixty-one years ago a young Russian engineer, Benckendorf, saw the River Lena in Siberia release a dead mammoth frozen ages ago in the bog. There had been exceptionally warm weather in the north of Siberia, and the river, swollen by melting snow and ice and torrential warm rains, swept out of its old channel and carved a new one, carrying to the sea vast quantities of its former banks and furrowing up the thawing bogs over which it raced. As he made his way in a steam cutter against the current Benckendorf saw the head of a mammoth appear above the flood. Rush upon rush of water more and more released the body. Its hind legs were still imbedded when he saw it, but 24 hours liberated these. The mammoth had sunk, feet first, into a bog. The ooze had frozen over it; successive slides had heaped soil and vegetation upon it. Bone and flesh and hair were perfect. They secured it; they cut off its tusks; they dissected it and found in its stomach the last meal it had eaten, young shoots of the fir and pine and masticated fir cones. They were still at work when the river, spreading farther, engulfed them. The men escaped, but the waters surged over the mammoth and carried it for carbon to the sea.

PROBABLY NOT ON PAY ROLL.

Father's Occupation Would Likely Be News to Lord Clare.

"The late Frederick McNally had occasion," said a Chicago lawyer, "to consult me about an infringed copyright. Mr. McNally said he thought there would be no trouble about correcting this infringement. The thing, he believed, had been innocently done. The man who had done it was an amateur in publishing—unsophisticated—like a girl his father used to tell about in Ireland. This girl was the daughter of a poor man, and every week or so she used to come to the village rectory with a pheasant or a hare to sell. The price she asked was low, and for a time the pastor bought of her. Then somehow, his suspicions were aroused. The next time the girl called, he said to her sternly: 'It is good, fresh game you bring, my dear, and your price is always reasonable; but do you come by all these pheasants and hares honestly?' 'Oh, sure, yes, yer reverence,' said the young girl. 'My father is poacher to Lord Clare.'"

Wore Out the Snow.

My old friend Crabtree of the real early Oklahoma days tells this tale about an early day snowstorm: "One day after many days of dry weather a big snow came and visited our drought-stricken land. The faces of the farmers were all smiles, because it meant a wheat crop. But alas! an old-time wind came up from the south that blew about 40 miles an hour and drifted the snow northward for a day. Then came an 80-mile-an-hour wind from the north that drifted it back south again. This condition of wind continued daily until the snow storm was blown and worn out and not a snowflake could be found anywhere in the county."—Watonga Herald.

Streets With Queer Names.

Edinburgh has some queerly named streets, among which are Jacob's Ladder, Gabriel's Ladder, Coffin land and Cuddy lane. It is, however, in the "close" that this ancient city figures best. There are, for instance, Hole in the Wall close, Little Jack and Big Jack close, Lady Stairs, Heave-Away and Long closes. The last is one of the shortest of these, and in that resembles Crooked and Turnagain lanes in London, the former being as straight as a die and the latter so narrow that a vehicle in it cannot possibly turn again.

Valuable Dwarf Palm Fiber.

The fiber of the dwarf palm—a tree until lately regarded as worthless or harmful—is developing an important industry in Algeria. Factories are multiplying, and to these the natives bring the palm leaves, which are transformed into vegetable fiber by a steam carding machine, and then spun and braided. The material has the advantage over horsehair of being proof against moths and insects. It is being used for mattresses, woven products, harness and carriage work, military bedding, various tissues, and even hats.

Queer Breed of Chickens.

"It does me good," said the girl who has just returned, "to get back to a country where they serve a whole chicken." You know then where you are at. At my pension in Paris they had chicken for Sunday dinner. That is, they called it chicken, but a lot of us were of the opinion that it was a giant centipede. Every Sunday while I was there they put a leg in each plate when the chicken course came around. There were 13 of us. Did you ever see a chicken with 13 legs?"

The Measure of His Love.

Miss Homely-Rich—"I heard something to-day that would indicate that Mr. Hunter simply cannot love me as he said he did." Miss Cutting—"Good gracious! bad news from your banker, eh?"

He Knew.

Lady customer—"I wish to tell you how these shoes of mine are to be made." Shoemaker—"Oh! I know that well enough; large inside and small outside."—Illustrated Bits.

THE MIDWINTER OUTING.

This is the time for the midwinter outing. A dash of summer in the midst of winter is an agreeable variation. It makes for health and pleasure and stimulates vitality.

For the extended trip, Southern California, the fruit and flower land of the Pacific Coast, offers unvalued attractions.

For the fortnight's trip, Florida, the summer garden of the Northern winter, bids you come and enjoy its genial sunshine, its tropical scenes and its out-door life.

For the ten days' outing, Pinehurst, Camden, Aiken, Augusta Southern Pines and other popular resorts in the pine belt of the Carolinas and Georgia offer many inducements.

For the short trip—the week-end outing—Atlantic City is always attractive. The same breezes that depress the thermometer in summer seem to keep it up in winter. It offers great hotels on the ocean's edge, out-of-door life on land and sea, and a climate full of snap but shorn of the winter severity.

Before deciding on your midwinter outing consult a Pennsylvania Railroad Ticket Agent and get a Pennsylvania Railroad Winter Excursion Book. Whether you select California, Florida, the Carolinas, or Atlantic City, the Pennsylvania Railroad offers a comprehensive train service, reasonable rates and ticketing arrangements, and the best facilities that modern transportation methods can provide.
